

Options ARE Good.

Especially When It Comes To Hawker Landing Overhaul.

THE RIGHT FIT IS IMPORTANT

One Size Fits All Doesn't Work In Landing Gear Overhaul Either.

The "one size fits all" approach rarely works to your advantage. This is particularly true with landing gear overhaul.

- Save Up To \$10,000 When You Overhaul Your Gear
- **OR** –
- Save Up To 4 Weeks Downtime With Overhaul Exchange

Pricing Options Applicable To Overhaul Your Gear OR Overhaul Exchange

12 Month Warranty For All Overhauls From Time Of Delivery

Turn-time For Overhaul Is 4 Weeks From Time Received At AV8 MRO Shop

Standard Rate Pricing

What Does Standard Rate Pricing Include?

- All labor
- Consumables
- Standard Hardware
- Bearings & Bushings Required
- Oils, Greases, Primers, Paints & Finishes
- Repairs (In-house Only) To Parts Within Allowable Wear Limits
- Required NDT
- Cad Plating & Other Refinishing

Also Included:

All repairs of major components requiring plating, grinding, or plasma spray. In addition to upper casings most gear will require major repairs on the following components: Axles, plunger tubes, retraction arms, drag stay pick up, upper and lower side stay arms and jack links.

The Standard Rate Pricing Option is subject to additional billings for parts required over and above those covered in the program.

What is NOT included?

- Shipping
- All Parts other than covered above, replaced for: Wear, damage or corrosion, modification, Service Bulletin or life limit requirement
- Any engineering required to salvage otherwise BER part that is not already in AV8's extensive library of repairs and salvage schemes (Note 1)

Note 1 – Under this program even if the engineering is not covered, the actual repair will be covered under the Standard Rate.

Flat Rate Pricing

AV8 MRO is pleased to offer you a true FLAT RATE that covers all additional billings for corrosion and normal wear and tear damage.

What Does Flat Rate Pricing Include?

- All labor
- Consumables
- Bushings
- Casings
- Plungers
- Axles
- Repairs

What is NOT included?

- Shipping
- Life expired parts or parts that require replacement before a full overhaul life, i.e. less than 5,000 landings remaining life
- Parts that were missing when the gear was received. (These parts will be listed & reported upon inspection at our facility – customer will be given an opportunity to supply them.)
- Parts damaged from abuse and not normal wear and tear

Is Your Landing Gear Eligible For Flat Rate Pricing?

Landing gear must be confirmed as "eligible" for Flat Rate Pricing by AV8 MRO before the rate is offered.

Landing gear IS eligible for the Flat Rate Pricing Option if the following criteria are met:

- First overhaul
- Have no damage history
- As removed gear, not previously disassembled

Landing gear MAY be eligible for Flat Rate Pricing Option upon records review and if the following criteria are met:

- Second or subsequent overhaul
- Have no damage history
- As removed gear, not previously disassembled
